Not long since, a young man supposed to posses good principles, but no fortune of fered his hand and heart to a fair young lady with snug little fortune of \$50,000. The offer was fully considered, and finally refused, on the ground that the young mar showed too many years above the young lady, though he was really but twenty-six. Yet his fine side whiskers and hair were tinged with an awful sprinkling of hoary white and gray, and fairly indicated a round more more of years than he had really seen. To the young man the refusal what was to be done? What could be done? True, his head came out from under done? True, his head came out from under his "Fatr" white as a coon after a snow

His head was PERFECT, and his raven locks had a most bewirehing lustre. Due time was taken and the other accepted; the day fixed; every desired preparation made; the minister notified, and the thing done. She happy couple departed in matrimonial peace and triumph.

Three balmy days parsed away, when the loving young husband threw his gentle arms around his better half by \$50 000, and said, Darling, what do you think of my white hairs now?" The startled and astonished hairs with unliked hards exclaimed appears bride with uplifted hands, exclaimed, "Roscoe R, is it possible? FOR THE CURE OF Consumption, Bronchitis, A DALL DISEASES THAT LEAD TO IT Such as Coughs, Neglected Colds, Pain in the Chest, and all diseases of the Lungs. Clergymen should use the Balsam for their Throats.

This Balsam is introduced to the suffering public after its merits for positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading med.cal journals as being equal to any prescription that can be made up, for such diseases, by the medical faculty. The Balsam is consequently recommended by physicians who have become acquainted with its great

We copy the following interesting letter from Dr. Harris to the Middlebury. Vt., Register, Nov. 20, '95: Ma. Epron:— It is only to subserve the interests of humanity that I request a short space in your valuable paper to inform the public what Alien's Lung Balsam a sure to do. Two years ago I was attacked with a severe cold; it settled in my throat, which so affected the organs of speech that I could not speak aloud for nearly six seeks. I got through the winter coughing nights almost incessantly, with old night sweats, with increased irritation, which extended in to the Bronchial tubes and which kept me coughing all summer. I was at Shoreham on a professional visit the past October, when the "good Samaritan" came along introducing Allen's Lung Balsam into New England. I procured a bottle and took traccording to directions, and forms immediate relief. I have now taken two bottles, which has entirely cured me. For the past two years, or during the time of my affliction, I was in a state of constitution, which the Balsam has almost effectually regulated. No family should be without this valuable medeine. I see by the Western papers that the physicians of Cincinnati (shere the medicine is manufactured) are introducing it into their practice, and I have no doubit will soon become a classical renedial agent for the cure of all diseases of the throat, Bronchia tubes, and the lungs. NATH'L HARRIS, M. D., Dentist, Middlebury, Vt., Nov. 16, 1886.

The proprietors of this valuable Balsam take pleasure in calling to it the attention of all medicine dealers, desiring that they procure a supply of it, and recommend it to their afflicted patrons and friends. It will stand the test for merits, as has the celebrated Perry Davis' Pain Killer, As an Expectorant it has no Equal

which has been introduced to all parts of the inhab-nted world, and is everywhere appreciated and sought after. The Balsam is for sale by most of the leading Drugsists, and can always be held from them, in any quantity desired, by the country dealers.
